

Online Courses

Q: Does the California State Board accept Online CE?

A: Yes. Up to half of your required hours can be done online.

Q: Are the online courses held at a specific time or date? How does it work?

A: No. Once you register for the course, then download the notes and read them at your leisure.

You can read them all at once or a few minutes at a time.

Q: Why do I have to take an exam?

A: To prove that you have actually read the material, you must pass the exam with a 70% or higher.

Q: How does the exam get graded?

A: Once you have finished the exam e-mail your answer sheet to marcusstrutzdc@gmail.com,

I will grade it and e-mail you the results.

Q: What if I pass?

A: I will e-mail you a certificate and then you are done.

Q: What if I fail?

A: You retake the exam and send it to marcusstrutzdc@gmail.com, if you fail twice then you need to pay again to take course.

Q: Do I send anything to the board?

A: No. Only if you are audited will a certificate be requested by the board.

Q: When does the course need to be completed for my DC license?

A: The course must be completed and e-mailed to me by the end of your birthday month to count towards renewing your chiropractic license.

I strongly advise to take it well before the end of your birthday month so you can mail in your renewal form early.

The Board of Chiropractic Examiners requires that you complete all of your required CE hours BEFORE you submit your chiropractic license renewal form and fee.
