

UPDATED: 3-30-2020

Hello to all, Federal distancing guidelines have been extended to April 30th. Due to the extraordinary circumstances of the coronavirus, Back To Chiropractic is following all State & Federal Guidelines and postponing all live March & April seminars and will decide on May seminars as soon as the current situation permits.

CE Recommendations: Watch for updates via email and on our website – I'll keep you posted.

March & April 2020 Birthdays only: We've been assured that the Chiropractic Board will accept all 24 hours of required courses completed via distance learning, (online classes). In case of an audit, retain all documentation of the reason you couldn't comply with the live seminar requirements. Keep a copy of your confirmed registration/notice of cancellation and this letter.

May 2020 Birthdays only: If we need to cancel all May live seminars, then we've been assured that the Chiropractic Board will accept all 24 hours of required courses completed via distance learning, (online classes). In case of an audit, retain all documentation of the reason you couldn't comply with the live seminar requirements. Keep a copy of your confirmed registration/notice of cancellation and this letter.

All other Birthdays: Chiropractors whose licenses **DON'T expire** at the end of March or April 2020 can reschedule their live seminars via email: marcusstrutzdc@gmail.com

This remains a complicated and rapidly evolving situation that reminds us that we are all part of a broader society with a responsibility to look out for one another.

Yours in health,

A handwritten signature in black ink that reads "Marcus Strutz DC". The signature is written in a cursive, flowing style.
