

Advanced Billing Pro was established in 1996. Prior to this I had worked in the chiropractic field for 16 years. I felt if I opened my own billing office, I could share my knowledge since I was familiar with billing practices and how to run and manage an office. I wanted to give special attention to my clients.

We provide medical billing and collection services that set us apart from the rest. There are many changes occurring in the healthcare industry today. With our service you can relax knowing your best interests are being look after. You can provide what you are trained to do—treat the patient and leave the billing and collection to us! We also provide consulting services.

Our fees are as follows: 9% of what we collect with a \$150.00 mimimum.

Let ABP take charge of reimbursement, while you provide what you are trained to do—treat the patient!
