

## **How to work as a DC in a Community Clinic**

Chiropractic is covered by Medi-Cal and Medicare.

The clinics can bill for it.

Make an appointment with the director of the medical clinic and see if they are interested.

If so, have their clinic person call:

Stacy Polina at Mendocino Coast Clinics at 707-961-1251.

She set up the whole thing for Jim Young, DC.

He did need to be vetted just like any provider there.
