## **Practical Ethics & Law ~ 2 Hours**

**Welcome:**

**This course counts as 2 Hours of CE for Ethics & Law for the Chiropractic Board of Examiners for the state of California.**

**There is no time element to this course, take it at your leisure. If you read slow or fast or if you read it all at once or a little at a time it does not matter.**

## **How it works:**

- 1. Helpful Hint: Print exam only and read through notes on computer screen and answer as you read.**
- 2. Printing notes will use a ton of printer ink, so not advised.**
- 3. Read thru course materials.**
- 4. Take exam; e-mail letter answers in a NUMBERED vertical column to [marcusstrutzdc@gmail.com](mailto:marcusstrutzdc@gmail.com).**
- 5. If you pass exam (70%), I will email you a certificate, within 24 hrs, if you do not pass, you must repeat the exam. If you do not pass the second time then you must retake and pay again.**
- 6. If you are taking the course for DC license renewal you must complete the course by the end of your birthday month for it to count towards renewing your license. I strongly advise to take it well before the end of your birthday month so you can send in your renewal form early.**
- 7. Upon passing, your Certificate will be e-mailed to you for your records.**
- 8. DO NOT send the state board this certificate.**
- 9. I will retain a record of all your CE courses. If you get audited and lost your records, I have a copy.**

**The Board of Chiropractic Examiners requires that you complete all of your required CE hours BEFORE you submit your chiropractic license renewal form and fee.**

**NOTE: It is solely your responsibility to complete the course by then, no refunds will be given for lack of completion.**

**Enjoy,**

**Marcus Strutz DC**

## *The Public*

## *Chiropractic*

“If the public knew what we know,  
we would need a lot more chiropractors!”

## **Ethics & Law: 2 Hours Required**

## THE CHIROPRACTIC OATH

In accordance with the law of nature, that law which God has prescribed to all men; and in consequence of my dedication to getting the sick well by the application of that law, I promise and swear to keep, to the best of my ability and judgment, the following oath:

I will observe and practice every acknowledged rule of professional conduct in relation with my profession, my patient, my colleague, and myself.

## THE CHIROPRACTIC OATH

I will keep an open mind regarding the progress of my profession, provided that these progressions shall be confined within the boundaries of the chiropractic science, philosophy, and art.

I will serve my patient to the best of my ability, violating neither his confidences nor his dignity, and in my association with patients I shall not violate that which is moral and right.

## THE CHIROPRACTIC OATH

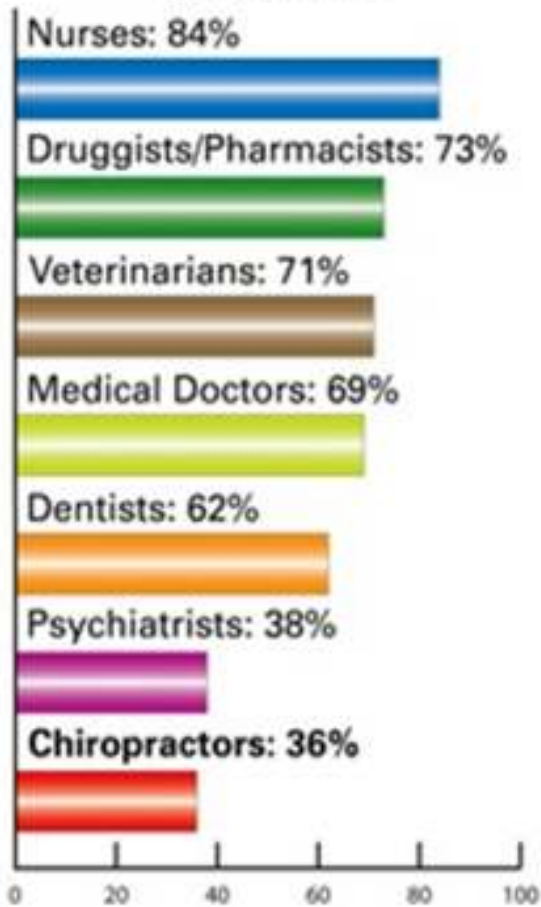

I shall regard and refer to my fellow chiropractor with honor, giving credit where it is due.

I shall improve my knowledge and skill, firm in my resolution to justify the responsibility which the degree of Doctor of Chiropractic symbolizes and imposes.

To all this, I pledge myself, knowing these ideals are prescribed by the dictates of reason alone.

# PERCEPTION IS REALITY!

What the public thinks about chiropractic is their reality,  
& we must work everyday to change their perception!

# PERCEPTION IS REALITY!

When the nation's chiropractors descended on Chicago for a weeklong convention in May 1956, they threw a beauty contest. The judges crowned Lois Conway, 18, Miss Correct Posture. 2nd place went to Marianne Caba, 16, Ruth Swenson, 26, came in 3rd. All three were picked not only by their apparent beauty, and their X-rays, but also by their standing posture. Each girl stood on a pair of scales — one foot to each — and the winning trio each registered exactly half her weight on each scale, confirming the correct standing posture. At the time, contests like this were pretty common. "Basically, chiropractic had a PR problem. We were unlicensed in those days," Dr. P. Reginald Hug, a past president of the Association for the History of Chiropractic. "We were the new kids on the block and medicine didn't like us. By crowning posture queens, the chiropractors could build goodwill without making waves with traditional doctors. The message was that good posture leads to good health. And chiropractors were the people to get you on the right path. The contests date to the 1920s, but they became the rage during the '50s and '60s. Contestants were typically judged on beauty and poise, posture, and X-rays to evaluate their spinal structure. In 1967, the reigning World Posture Fitness Queen appeared on CBS's game show *To Tell The Truth*. The pageants began to wane as chiropractors achieved their licensure goals. The last big contest was held in Chattanooga, Tenn., in 1969. Their time had come and gone," Hug says.

# What Is The Public Perception?

**Chiropractors perform many exams & adjustments that pts are unfamiliar with, be sure to explain as you go! (verbalize your routine spinal assessment ~ AK, leg checks, palpation etc.)**

# **Let Them Know What You're Doing!**

- 1. What you're about to do**
- 2. Why you're doing it**
- 3. What you're looking for**
- 4. What you found**
- 5. What it means**
- 6. What you're going to do about it**
- 7. What are your expectations**

## STAYING OUT OF TROUBLE

***I AM NOT STAYING  
OUT OF TROUBLE, I  
AM JUST CAREFUL  
NOT TO GET  
CAUGHT.***

Calculate your cost of going to school, don't forget  
the opportunity cost of the job you could have had!  
I went to DC college for 3 years at a cost of \$ \_\_\_\_\_  
& the last thing I want to do is jeopardize my license!  
So lets be sure we are doing EVERYTHING right!

## EVERYONE ELSE IS DOING IT

Just because other DC's are doing this or that does not make it okay or legal. This is a very dangerous attitude to take. Often when we get out of school we learn from a successful practicing DC & **assume** they are doing everything correctly. Be careful & be sure.

**WRONG IS  
WRONG**

even if everyone is doing it.

**RIGHT IS  
RIGHT**

even if no one is doing it.

## 3 GUYS IN THE BACK OF THE ROOM

Often at DC seminars you will see & hear a group of DC's discussing a legal or ethical issue.

There will be 3 or 4 sharing their thoughts about what is right & wrong. In just a few minutes there is a consensus & the decision has been made.

You may be listening in & it sounds good with you.

Often it is the most confident DC or loudest whose point is considered correct, but we don't really know.

**BE CAREFUL!**

## EVEN WORSE...GUESSING IGNORANCE IS BLISS CONCEPT

The DC says, “I don’t know & it will be okay.”

Or “I think this is correct.”

This is certainly dangerous as ignorance of the law  
is not a defense. So you are in court...

Get informed, get the right answers.

Ignorance is bliss,  
imperfect knowledge is  
dangerous, perfect  
knowledge is power

DON'T BE AFRAID TO ASK,  
BE AFRAID OF NOT ASKING!

Find out the correct answer & sleep well!  
Call the Board or the insurance company.  
Get the legal explanation in writing.  
Be 100% sure.

## IF IT IS GREY, STAY AWAY!

This is a great idea. If there is any uncertainty about any aspect of running your practice and if it is legal, leave it alone.

# Hot Topics

**The following slides are some of the most common questions.  
Don't see your topic covered by the board or this presentation,  
send your question to: [marcusstrutzdc@gmail.com](mailto:marcusstrutzdc@gmail.com)**

# CURE VS PREVENT VS DECREASE RISK

What are you promising patients?

Can you say I will prevent cancer? NO!

Can you say here are the aspects of health we  
will measure? YES

# Outrageous Claims?

**Never say you prevent something,  
rather use the idea of decreasing risk.  
Testimonials & supportive peer reviewed  
literature posted in your office are really  
effective!**

# Refer a Friend! Legal or illegal?

As a small business, we rely on customer referrals.

Please share this offer with a friend.

**Illegal! Needs to be for all patients, not just the ones that referred patients.**

# Prepay! Legal or illegal?

**Escrow account only necessary if DC can not refund out of pocket.**

**Have signed contract. Contingency plans if patient wants to stop care for any reason. Prorate care; anything is okay as long as it is in the contract, reviewed and signed by both parties.**

**Best to make it a fair and reasonable contract.**

**If pt becomes a WC/PI case contract stops, and then resumes once the WC/PI case ends.**

## Legal

# Fee Schedules!

**Decide how much you want to get paid per hour.**

**Then divide that out as a time element for the given billing code.**

# Waive Co-pays! Legal or illegal?

**You CAN waive co-pays.**

**You CAN NOT advertise it unless you contact and inform insurance companies.**

**Advertisement includes your website.**

co-pay?

# Waiving or Discounting Copays or Deductibles

May waive or discount govt copays or deductibles if:

- Not offered as part of any advertisement or solicitation;
- Do not routinely waive copays or deductibles; and
- Waive or discount after
  - good faith determination that the beneficiary is in financial need, or
  - unable to collect after reasonable collection efforts.

(42 USC 1320a-7a(i)(6); 42 CFR 1003.101; *see also* Adv. Op. 12-16)

- Document factors such as local cost of living; patient's income, assets and expenses; patient's family size; scope and extent of bills.

Dear Dr. [REDACTED]

The Board of Chiropractic Examiners (Board) received your response to a Continuing Education (CE) Audit. You did not complete the required CE hours prior to your expiration date of November 30, 2014. This is a courtesy notice. However, if this occurs again, the Board may issue a citation against your license. This case has been closed with merit and will remain on file.

Completion of a Board-approved continuing education seminar taken within 12 months prior to your expiration date is a requirement for the annual renewal of your chiropractic license, pursuant to California Code of Regulations section 371.

To help ensure that your license is issued to you in a timely manner:

- 1) Keep your practice address current with the Board, as required by California Code of Regulations section 303.
- 2) Complete your required continuing education within 12 months prior to your current renewal period.
- 3) Submit your renewal form and fee prior to your expiration date.

If you have questions regarding the renewal of your license, please contact the Board at (916) 263-5355 or visit our website for further information.

Sincerely,

Notice from the board, yikes!

# Chiropractic Patient Records.

**Each licensed chiropractor is required to maintain all active and inactive chiropractic patient records for five years from the date of the doctor's last treatment of the patient unless state or federal laws require a longer period of retention. Active chiropractic records are all chiropractic records of patients treated within the last 12 months. Chiropractic patient records shall be classified as inactive when there has elapsed a period of more than 12 months since the date of the last patient treatment.**

## Free Care Or Discounts

**Licensees can advertise that they will perform certain designated routine professional services free or at a discount if such advertising claims are truthful. However, no charge shall be made for any other professional services rendered or commodities provided to a patient during any office visit in which free or discounted services are offered or provided unless, prior to the accrual of any charges, the patient shall have been informed of the cost of such additional services and/or commodities and shall have agreed to pay for them.**

# Informed Consent

**A licensed DC shall verbally and in writing inform each patient of the material risks of proposed care. “Material” shall be defined as a procedure inherently involving known risk of serious bodily harm. The chiropractor shall obtain the patient's written informed consent prior to initiating clinical care. The signed written consent shall become part of the patient's record. A violation of this section constitutes unprofessional conduct and may subject the licensee to disciplinary action.**

## Activity #3 Chiropractic Check List

Okay this is our things to do list: making sure you're legal. Part of this course is to go through each line item below & through the TOP ENFORCEMENT VIOLATIONS & [Rules & Regulations](#) making sure you are not breaking any laws & representing the profession of Chiropractic in a manner that would make your colleagues proud!

1. Initial intake form. Review the form make sure it has all the necessary information including date & signature.
2. Informed consent. Make sure you have it, that it is signed and dated by each patient and your malpractice company approves the form.
3. HIPPA compliant. Make sure you have it, that it is signed and dated by each patient and your malpractice company approves the form.
4. SOAP notes. Make sure you have them for each patient and that they are complete and decipherable by you in a court of law, (if it comes to that).
5. Proper documentation. Notes: history & exam that support your course of action and billing. Again must be decipherable by you in a court of law.
6. Advertising. Read through all your advertising (website too). Be sure DC is after your name, (not physician) and that no one can interpret your ad as saying you will cure anything.
7. Malpractice & general liability insurance up to date.
8. DC License. Current & valid, complete your CE by the end of your birthday month.
9. Check the top violations list & [Rules & Regulations](#) and be sure you are on the right side of the law!
