Medicare:

GY - use on all non-covered services (everything except the CMT)

AT - use on all CMTs

25 - use on any E/M service done on the same day as a CMT

GP - use on all physical therapy services

59 or XS - use on 97140 to indicate service was performed to a separate body area that was NOT included in the 98940/98941/98942 areas. Use dx pointers to indicate which body part. This is only necessary if you will be billing a secondary carrier.
